The Top Ten Reasons Why You Should Attend the Riddick Practicum This Year

10. **The logistics.**

The practicum is held at the Conference Center at the Maritime Institute (CCMIT), a place where they still train mariners. It's a quick free shuttle ride from Baltimore-Washington International Airport (BWI). It's also a quick free shuttle ride from the BWI Amtrak station and the Marc train station. How much easier can we make it?

9. **The facility.**

CCMIT is a conference center – it's designed for conferences, not weddings, bar mitzvahs, sports contests, or class reunions. It's a conference center with excellent facilities in the classroom, an indoor swimming pool, jogging and walking trails, a racquetball court, fitness room, and game room. Check it out at www.ccmi.com. Interestingly enough, the pricing for the lodging and the meeting space is separate – drive in every day or stay over and it makes no difference to us. Stay somewhere else if you like, but first read #8.

8. **The price.**

We all know that the instruction we get at these practicums is priceless; yet AIP works very hard to keep the prices low. Most people pay \$300-\$500 per day for professional instruction. At the practicum, you pay \$495 for almost *four days* of instruction, access to instructors and other professionals, and networking. It's a bargain at twice the price. The registration fee includes all instruction, materials, lunch each day, continuous break foods morning and afternoon. The lodging is a fantastic deal. Double rooms are \$195 and single rooms are \$140. By the way – that includes full breakfast and dinner.

7. **The food.**

Did I mention that lunch is included and if you stay at CCMIT your breakfast and dinner are also included? They are served in the 500-seat cafeteria, where everyone's food preferences can be accommodated. For example, each day there is a salad bar, a grill for made-to-order burgers, a sandwich bar, and ice cream. The chef likes to do themes, so you may walk in and see Mexican, Italian, healthy, or whatever else he thinks to serve. There are always hot entrees, vegetables, and special desserts. There are sodas, juices, coffee, and tea. Our biggest complaint last year was there was too much food – but as they all served themselves it was hard to find someone else to blame!

6. **The atmosphere**

Practicums are unique in that we spend the entire time together, except for small group practice sessions and activities. The instructors stay in the room, and help work with the group sessions, question and assist the instructor who's up at the time. The students form bonds that last long after the practicum ends. During the practicum, everyone works together for the joy of learning something new, gaining a new insight, or developing new skills. It's hard to describe unless you've been a part of it. Come this year and find out. (continued on page 4)

Region IV Reactivates

In 2004, after a long period of decline, Region IV members were unable to gather a quorum at a noticed meeting, and didn't see a reversal of that trend. The remaining members voted to return their treasury to AIP for safekeeping. After that, nothing happened.

Until 2008, that is. In late fall, the Long Island and Metro New York Chapters decided that they would host a biennial meeting of the region, as required in AIP and Region IV bylaws. They sent notice of the meeting to all members of Region IV on the AIP mailing list.

On December 14, host chapter president, Lori Finck, called the biennial meeting of Region IV to order. Doris Abbate, CP-T was elected chair pro tem and Helene Goldsmith, secretary pro tem. Dorothy Demarest, AIP secretary, brought greetings from President Jim Jones.

The following were elected to two-year officer terms: Lori Finck, Governor; Steven Anderson, Vice-Governor; E. Marie Wilson, CPP, Secretary; Fran Kulik, Treasurer. A networking luncheon followed. The day closed with educational presentations by Joan Corbisiero, William Starkey, Carol Henselder, and Doris Abbate, CP-T.

Region IV is the largest of the eight AIP regions, with over 200 members in 15 states and provinces. The region's Executive Board has been actively tending to the region's affairs to reach out to members through their new web site and other offerings. Congratulations to Region IV

Secretary, Region IV*

“The Meeting Cycle: Before, During and After the Meeting”

The 2009 Riddick Practicum will be held June 5 - 9, 2009 at the Conference Center at the Maritime Institute (CCMIT). Our theme is “The Meeting Cycle: Before, During, and After the Meeting.” Each day will have a special focus on one of these important aspects of meetings.

Our instructors bring a variety of experience to share. They are:

Barry M. Glazer, CPP-T

Barry is a retired anesthesiologist, former Speaker of the House of Delegates of the American Society of Anesthesiologists (and subsequently President), and former President of the American Institute of Parliamentarians. He has presented workshops on a wide variety of topics at multiple AIP practicums, AIP annual meetings, and AIP regional meetings. Barry now works as a professional parliamentarian, serving as a convention parliamentarian for large and small assemblies, and also teaching, with an emphasis on advanced presiding workshops.

Thomas J. Gmeinder, CPP-T

Thom is a long-time active member of AIP, most recently serving in the office of treasurer. He is also a Professional Registered Parliamentarian and a member of the American College of Parliamentary Lawyers. Thom is an internationally known speaker who has taught thousands of people how to have more efficient and effective meetings. Thom is also an arbitrator, mediator and facilitator. He is known for his pragmatic approach to both parliamentary procedure and the business of being a parliamentarian. His motto is “We go where Angels fear to tread.”™

Colette Collier Trohan, CPP-T

Colette is also a Professional Registered Parliamentarian and the founder and president of A Great Meeting, Inc., a company devoted to developing and producing tools to help everyone be more effective in their meetings. She has been an active member of AIP, most recently serving as AIP Accrediting Director and as curriculum director for the Riddick practicum. She is known for her dynamic and energetic style and her ability to take a potentially boring subject and bring it alive.

Educational topics include:

Before the Meeting	Governance Documents: What to ask for and what to do with it Quorum Previous Notice Serving as a Professional Presiding Officer Moderating Town Meetings Scripting Agenda Development
During the Meeting	CPP Oral examination (if available) Taking Votes Introduction to Presiding Presiding Practice Advanced Presiding Techniques

The Top Ten Reasons Why You Should Attend the Riddick Practicum This Year

(continued from page 1)

5. **The practice**

One of the most popular parts of the practicum is the opportunity to practice presiding skills in small groups and get constructive critiques from experienced instructors. Here is where you can try things without being afraid you'll look stupid – we don't care! We just want you to try, and we just want to help. The instructors get their rewards by watching the students grow beyond the level at which they arrived. We devote nearly an entire day to this activity, and people keep telling us they want more.

4. **The exam.**

The CPP oral exam is only given at practicums and the AIP Annual Session. We don't know for sure yet if there will be an exam, but if there is it will be a highlight of your practicum experience. The CPP exam is the most comprehensive assessment of knowledge and skill in the field of parliamentary procedure. Don't miss your opportunity to witness this amazing event.

3. **The curriculum.**

This year's curriculum is practical for any level. Our theme is "The Meeting Cycle: Before, During and After the Meeting." We'll start on Friday night with introductions and then have a short "Basics for Beginners" session for anyone who wants to get a head start or review the basics. Check out the schedule on page 3 to see all that we'll be covering before we adjourn at 1 PM so that everyone can make their afternoon planes or trains home.

2. **The instructors.**

There's no other place you can get the kind of instruction as at a practicum. This year we have Barry Glazer, CPP-T, Thom Gmeinder, CPP-T, and Colette Trohan, CPP-T. They have over 50 years of combined experience as CPPs. We can guarantee that you won't find these sessions boring or stuffy.

1. **The bottom line.**

Come on, you know you really want to be there! **Register today!**

- Adopted budget proposals for 2009 and 2010 that do not include Region rebates;
- Instructed the Executive Committee to contract with a local trash hauler to empty the storage unit in Schaumburg, IL, on 3/31/09; the unit to first be open to members to remove any wanted items; the rest disposed of, and the storage area closed, saving approximately \$1,200 per year;
- Approved formal partnerships (with organizations such as ITC, Girl Scouts, etc.) for purchasing materials from the AIP bookstore at a discount rate to be determined;
- Reelected Paul Lamb Editor of the *Parliamentary Journal*;
- Directed that Region or Chapter representatives be given administrative assistance in obtaining mailing lists and sending blast emails to their members on request, but not more than 2 times a year, except with the approval of the president;
- Determined that the 2010 Annual Session will be held at the Airport Doubletree Hotel, Ontario, CA with a preference date of August 5 - 9, 2010;
- Scheduled the next board of directors meeting from 12 noon to 5 PM on June 9 and 9 AM to 5 PM on June 10, 2009. The Riddick Practicum is scheduled for June 6 - 9, 2009 at the Maritime Institute near Baltimore. There will be a basic level workshop, for the public, on June 5;

The Board of Directors meeting will be on Tuesday, July 28th; with the Pre-session Institute for credentialed parliamentarians to be held on July 29,
- Determined that all substantive motions to be considered during a board meeting, with the exception of the post annual session board meeting, shall be submitted as a Request for Decision in advance of the meeting at which they are to be considered. Motions will be distributed to the full board with the final agenda;

- Granted Larry Cisar, CP, the “T” designation as a teacher of parliamentary procedure;
- Directed that specific requirements for posting on the AIP website be developed and publicized in *The Communicator*;
- Approved the appointment of the following new committee chairpersons: Website – Bobby Allen and Presidential Writing Award – Betty Green, CPP–T; and
- Directed that the term “interim” be deleted from all current and future designations and references to AIP component organizations such as chapters and regions. Further, the board found that the Region IV biennial meeting was properly called and that the officers elected at that meeting were properly elected; and that Region IV is to be commended for becoming active again. The treasurer will send a check to Region IV for member rebates, and include an explanation as to forfeiture of previous Region funds.

- **Amendments Made Easy.** Amendments are perfecting motions yet cause the most grief and confusion.
- **Abused Motions.** Lay on the table, calling the question, point of information and point of order

- **Expert Panel of Professional Parliamentarians.** Come with questions on procedure and process

The program will also cover different parliamentary authorities, the Ontario Municipal Act, and have quizzes and prizes for the attendees to get competitive.

**REPORT OF THE BYLAWS COMMITTEE
ON REVISION**

The first meeting of the committee was by conference call on January 8, 2009. At this meeting, the members, after reviewing the bylaws article by article, subdivided the bylaws for each member in attendance to make proposals on a section of the bylaws for our next meeting. At that time, the committee expects to have a full discussion article by article.

The Committee continues to receive the comments of interested members for incorporation into the revision of the bylaws. Those comments are appreciated. Prior to a final report, the committee will circulate its draft report electronically. Members are encouraged to make comments at that time also.

At the direction of the president and the Board, upon completing a draft of the bylaws, the committee will review the standing rules, the board policies, the standing orders and the action plan for consistency with the proposed bylaws.

Please contact the chair of the committee at htmcf@ftc-i.net with any comments you wish to have considered at this time.
