Thanks for visiting AIP!

The American Institute of Parliamentarians is an organization dedicated to helping you have more efficient meetings. We hope you will look around and learn more about us. If you're looking to expand your parliamentary education, check out our fun quiz on procedure or study a quick lesson on ranking motions.

AIP has partnered with the National FFA Organization, and offers a complimentary membership to those students who compete in the senior level Career Development Event in parliamentary procedure nationally.

AIP members also work as coaches and mentors for youth teams in a variety of organizations featuring parli-pro competitions, and many members serve as judges at youth events.

Our members also work with the American Student Dental Association, which uses the *AIP Standard Code of Parliamentary Procedure* as its parliamentary authority.

If you are looking for a professional parliamentarian to assist you or your team or to serve as a judge, click the "Find a Parliamentarian" button to find a parliamentarian near you.

Finally, if you think the benefits AIP offers to visitors are appealing, check out the Join Now page to become a member. We welcome you!

Please do not hesitate to contact me at President@aipparl.org if I can provide any assistance.

In AIP friendship,

Kay Allison Crews, CPP
President
