

AIP'S PARLI "PRO" FACT OF THE WEEK

ADOPT IN LIEU OF

Adopt in Lieu of is a Specific Main Motion in the American Institute of Parliamentarian's Standard Code that allows an assembly to adopt one resolution in lieu of (instead of) another. It is a great time-saver for large conventions and assemblies considering several resolutions with similar intent.

Example form: "I move the adoption of Resolution Z in lieu of Resolution X, Y, Z."
